

Amendments to the Specification

- Please replace paragraph 41 of the specification with the following, amended paragraph:

[0041] The restructuring integration process 100 includes an integration execution process 108. The integration execution process 108 manages an integration project and [[it]] its sub-projects, designs a new organization, and minimizes disruptions to customers by rolling out combined field organizations quickly.

- Please replace paragraph 70 of the specification with the following, amended paragraph:

[0070] As described above, the portal 602 provides a common interface to management services. The management services include a merger project management service and a merger integration project management service. The network 504 links the clients 502 to the portal 602 for exchange of information pertaining to a merger of two ~~organization~~ organizations or an acquisition involving two organizations.
